Letter From Richmond Cedar Works Suggesting Need of Improved Methods.

At the special meeting of the Henrico Board of Supervisors yesterday, action was taken to see that the money due tho board from the estate of the late treasurer should be turned over to the present treasurer at once. In the discussion of the motion, Commonwealth's Attorney L Wendenburg stated that the School Board of the county ought to take the natter up in a similar manner, and that, n case the administrator failed to pay could be put in the hands of the court, who could bring about the desired end stated that he had spoken to some of the Todd representatives and had told matter at any time, they should do so now. The local representative of the bonding company, he said, had declared that his company would see that everything was paid in at the proper time, desiring only time in the settlement of the accounts.

Mr. W. C. Saunders then declared that one plan for the adoption of the board was to require the administrator to pay into the treasurer's hands such sums us were needed by the board in the achieve-

Petersburg Cars Collide and Badly Frighten Passengers. Motorman Injured.

Manchester Bureau, Times-Disputch, 1162 Hull Street. The smallpox scare, to which Manchester has been treated during several periods lately, broke out afresh yesterday, when another case was reported from Tanyard Bottom, where the dread disease generally finds its origin, and, I might be well to add, its end. Virgle Cole, better known as "Black-

jack," is the victim. The case was re ported to Officer Waymack, who Imme diately communicated with the health authorities; and Dr. M. Pierce Rucker, the city health officer, in company with the city health officer, in company with the energetic policeman, immediately visited the quarter, put the negro under shotgun quaruntine, and started upon a vaccinating tour in the immediate environment surrounding the lodging place of the victim.

The physician vaccinated thirty-one cases in two houses and continued his work among many others. The vaccination will be renewed to-day, and it is thought there will be about five hundred negroes who must be subjected to the

Motorboat Race and Other Views

Motorboat racing at Monaco is among the exciting views shown this week by the moving pletures in the big rink at the Reservoir, First one sees the Casmo at Monte Carlo with the gay throng. Then the water front at Monaco, where everybody is getting ready to witness the greatest aquable event of the year, the motorboat races. The stake boats are placed and the speedy racers are assigned to their positions, the pistol fired and about a dozon of the little flyers are on. The views follow the boats out to the open sea, around the stake boats and return. During this trip some hair-breadin enter the harbor one of them is seen to be on fire. This vessel, after vain effects on the part of sallors and crows of other vessels, finally sinks and the boller bursts.
